LilyPad USB Plus Standalone

Note: All GPIO have digital functionality and are labled with a "D" convention. Check the product's documentation folder in this repository for more information on GPIO. This information is also in our hookup guide.

Battery Charger and Regulator

Charge current factory set to 100mA
I_CHG = 1000/R2

Supply 5.0V from USB, or
3.3-4.2V on battery connector.
